**FOR IMMEDIATE RELEASE**

## **PHEASANT RIDGE APARTMENTS – THE ALEXANDER COMPANY**

Madison, Wisconsin (April 30, 2012) - Engineered Construction is nearing completion of Phase One of the remodeling of Pheasant Ridge Apartments located at 2617-2709 Pheasant Ridge Trail in the Town of Madison, adjacent to The Alexander Company’s Novation Campus. Work on Phase One, which includes 14, 2 and 3 bedroom apartment units, is scheduled for completion at the end of June 2012. Work on Phase Two, 12 units and Phase Three, 16 units is scheduled to be completed at the end of July, 2012 and end of November, 2012 respectively. The modernization of the Pheasant Ridge Apartments is a complete overhaul of the property, including new site work and parking lots, all new exteriors including roofing, all new mechanical systems, security systems including a video monitoring system and complete modernization of the units from floor to ceilings, cabinets, kitchens and bathrooms. Not only will the units be essentially “brand new”, they will be much more energy efficient, helping to keep down electrical and heating costs while being significantly more environmentally friendly. For more information on Pheasant Ridge Apartments and availability, please contact The Alexander Company at (608) 268-8103 or visit [www.pheasantridgeapts.com](http://www.pheasantridgeapts.com).

The Alexander Company, located in Madison, Wisconsin, has been nationally recognized for achievements in urban development and historical preservation. Over the last 25 years, The Alexander Company has undertaken the development, finance, design, restoration, construction and management of over 250 projects, new and historic.
