FOR IMMEDIATE RELEASE

RELOCATION PROFESSIONALS READY TO SERVE THOSE IN NEED

Madison, Wisconsin (July 10, 2012) – Bill Jackson and Steve Larson, both longtime Madison area residents have opened Relocation Professionals, LLC, located at 6901 Mangrove Lane in Madison, Wisconsin. Relocation Professionals provides services throughout Wisconsin and Northern Illinois for businesses in need of temporary or permanent relocation services. Relocation Professionals focuses on, but is not limited to, the relocation of the countless businesses adversely affected by fire, water, storm and other unforeseen catastrophes.

Founding Partner, Bill Jackson stated, “Being in the industry for over 20 years, Steve and I came to realize that no one specializes in expediting the entire relocation process for businesses.” He continued “This allows the businesses to limit their operational interruption, allowing them to focus on their clients and keeping them satisfied through the entire process.”

Steve Larson said “We go beyond a simple disaster recovery solution and serve as a liaison, working in concert with businesses and their insurance providers.” Larson continued “Our experience allows us to help manage through the unknowns and provide solutions from not only a new physical location but to IT infrastructure, office furniture and miscellaneous supplies.”

Relocation Professional's goal is to give their clients “Simplicity when it matters”, when they need it most. Through their reliable network of providers of office space, furniture and supplies, they make the transition from disaster to functionality fast and effective.

Relocation Professionals is founded on the Midwest principle of helping your neighbors when they are most in need and giving their clients “peace of mind”. Relocation Professionals may be contacted at (608)220-3995 or for additional information on their services, visit www.relocationprofessionalsllc.com.
